## ABOUT

Hello! My name is Kyle Romero. I am a director of software development, with 4 years of management experience and 10 years of full-stack development, technical lead, and architecture experience, living in Jersey City, NJ. I have a Bachelor's Degree in Computer Engineering from Texas Tech University, and have worked in the IT field since 2007 focused on internal software development. Currently, I am a director of operations technology (software solutions for field work), and previously was a team lead and senior developer at Worldwide Machinery, and a technical lead at HP. I have extensive knowledge of all aspects of a successful software development organization and have used many different technologies and methodologies over the years.
